No there's a new company that's willing to put up \$3 million more for the cleanup in the form of a bond if NORCO is allowed to finish the RAW and RI/FS.

What secured bond are you referring to? I doubt that we are going to give back the performance bond until all actions are complete.

Subject: weekly update

Gary,

Attached is the weekly progress report for the Falcon Refinery. Yesterday NORCO approved the removal of Tank 30, which is the large 200,000 barrel tank. Additionally the TCEQ provided that the discharge permit will be approved today. NORCO is waiting on EPA approval to use a secured bond to continue the Removal Action and the RI/FS.
